

Hello Decoration Helpers!

Do you like to create, paint, build, craft, imagine, draw, assemble, and have fun??

Would you like to help decorate the areas where kids will experience ROAR VBS this summer??

We have some decoration-making projects that you and your family can work on together at home anytime before VBS. For most of the projects, you can use craft materials, cardboard, poster board, and stuff that you have around the house.

Look at the attached pages for some ideas and inspirations and use your imagination! You can pick one of these projects or talk to Judi about other ideas.

This is a great idea for creative teens who need service hours. A group or club could work together, such as scouts or homeschool groups.

Several days are planned for making decorations at St. Marys — Wednesday June 12, 6:30pm and Monday June 17, 7:00pm. We can make arrangements for other days/times.

Helpers are also needed on the days when we put all the decorations into the rooms and spaces. Decorating is planned for — Friday June 21, 9:00am and Saturday June 22. We can make arrangements for other days/times.

Contact Judi Parker at jparker@stmarychardon.org for more information. Thank you!!

African Drums

Start with a large can, cylinder, or plastic flower pots. (We have some container in the PSR office that you can pick up.)

Make an African design on a large piece of paper. Use markers, construction paper, scrapbooking paper, paint, beads, yarn, twine, any craft materials. Glue or tape the decorated paper around the can.

OR paint directly onto the can or pot. 2 flower pots can be attached together.

Cut a piece of burlap, leather-look fabric, or brown craft paper for the top of the drum. Glue on. Wrap a piece of twine or rope around the top.

African Animal Faces

Start with a half sheet of poster board for the background. Approx 14" x 22"

Make the parts of the animal face with different pieces of cut paper. Decorate with paint, markers, yarn, construction paper, scrapbook paper, and any type of craft materials!

Possible animal faces that we would like to have: lion, giraffe, zebra, rhino, gazelle, leopard, cheetah, elephant, monkey, cape buffalo, parrot.
